

MAKING ROSE BLEEDING WINE

V E C T O R S S . O . U . T . H

At Vectors South, we strive to show our love for Argentina, its people, and culture through our wine. We believe that the Uco Valley in Mendoza with its 300 days of sun, 3,000 feet of altitude, hot days and cool nights is the ideal spot for growing grapes and making wine. This setting combined with the Argentine tradition of sharing wine with friends and family over an asado or any great meal is the perfect combination.
